## PROFEL MICRO SERIES

Profel micro series is a perfect solution when you are looking for a complete and yet simple audio setup that is very compact and yet it has the sound quality of a larger system. The micro series offers you studio quality sound optimised for your desktop studio, workstation and home entertainment or just simply connect your portable devices. Miniature size and easy connectivity, a real Profel active experience.

The micro series includes Pro Audio 31i active speakers, Pro Audio 65SW active subwoofer and  $\mu$ -AMP passive 2-channel preamplifier.

The preamp unit accepts 3 selectable inputs, including high-level speaker inputs. Amplification 0-1, distortion none, no power supply required.

PA31i active speaker  
35 + 35 W integrated bi-amplification  
111 dB/pair@1m, closed MDF cabinet  
65-22000 Hz frequency response

PA65SW subwoofer, closed MDF cabinet  
250W power amplifier,  
30-150 Hz frequency response
